

## Blue Cross Blue Shield of Louisiana

### Digital ID Cards Now Available

Blue Cross members may now access their ID cards from their mobile device and online through the member portal.

Members will need an online account to access their digital ID card. They can register at [www.bcbsla.com/login](http://www.bcbsla.com/login). Once in the member portal, they'll see My ID Card with a dropdown menu of the ID cards available for viewing, which can be saved as PDF files.

Members may also access their ID cards from the BCBSLA mobile app. A future release of this app will allow them to save the image to their phones.
